Subject: Neonic PID-RTC ready for EFED IO review

Hello Neonic BCs,

The neonic PID-RTC is now ready for EFED IO review. I incorporated comments from the chemical teams following last week's meeting with PRD, cleaned up hanging chads, and we are ready to move forward. The updated file version is in the Neonic coordination SharePoint folder linked below (and also attached for your convenience).

I am ready to send this on to Jan and Brian (will CC you all), but wanted to check in with all the BCs first, for any last minute thoughts or comments. If there are none, I will send this along to the EFED IO, in the hopes we will have an updated draft for PRD's review during the last week of January.

Thanks,
Monica
